

KUMAR SUMIT

Research Scholar

Department of Library and Information Science, Mizoram University

Email: aryan.sumit121@gmail.com | Phone: 6207411863 | ORCID: 0009-0007-6298-2133 |
GitHub : <https://github.com/aryansumit121-ctrl>

RESEARCH INTERESTS

Information Retrieval • Semantic Search Systems • Knowledge Organization • Multilingual Information Access •
Indigenous Knowledge Organization • Artificial Intelligence in Libraries • Digital Libraries • Bibliometrics and
Scientometrics • Scholarly Communication • Research Evaluation

EDUCATION

Ph.D. in Library and Information Science

Mizoram University — 12th August 2025 - Ongoing

Master of Library and Information Science (MLISc)

Banaras Hindu University (2023-2025)

Percentage: 77%

Bachelor's Degree

Banaras Hindu University

Department of Geography (2015-2018)

Percentage: 72.5%

NATIONAL ELIGIBILITY TEST

UGC-NET JRF (Library and Information Science)

- Percentile: 99.908
- Qualified for Junior Research Fellowship (JRF)

PUBLICATIONS

Peer-Reviewed Journal Articles

1. Sumit, K., Buragohain, P., & Singh, M. K. (2026). AI governance in scholarly publishing: A computational analysis of policy structures and gaps. *Annals of Library and Information Studies*, 73(2), 195–204. <https://doi.org/10.56042/alis.v73i2.31022>

Conference Proceedings Papers

1. Sumit, K., Singh, M. K., & Buragohain, P. (2026). From keywords to connections: Concept-based discovery in multilingual library catalogues. In M. A. Khan (Ed.), *Evolving Information Landscape: Making Libraries Future-Ready* (Vol. 1, pp. 421–435). Devyani Publishers and Distributors.
2. Sumit, K., Longlen, T., & Tripathi, P. (2026). Mapping scholarly discourse on sustainable agriculture and environmental stewardship: A bibliometric analysis. In R. N. Malviya, S. K. Jena, S. Chand, & A. A. Jha (Eds.), *Proceedings of the International Conference on Knowledge Organisation in Academic Libraries (I-KOAL 2026)* (Vol. 1, pp. 320–328). Manohar Publishers & Distributors.
3. Barman, P., Sumit, K., & Chanchinmawia, F. (2026). A scientometric study of Indian knowledge systems in agriculture: Trends, keywords, authors, and source impact (1992–2024). In R. N. Malviya, S. K. Jena, S. Chand, & A. A. Jha (Eds.), *Proceedings of the International Conference on Knowledge Organisation in Academic Libraries (I-KOAL 2026)* (Vol. 1, pp. 253–264). Manohar Publishers & Distributors.

ACCEPTED ABSTRACTS

1. Is Semantic Retrieval Enough? A Design Science Approach to the Indigenous Semantic Retrieval Gap in Multilingual Low-Resource Library Environments. *Accepted for presentation at IFLA World Library and Information Congress (WLIC), 2026.*
2. ETD-related conference paper (Accepted). *[From Metadata to Knowledge Graphs: Reimagining ETD Discovery Using Hybrid Semantic Retrieval]*

MANUSCRIPTS UNDER REVIEW / REVISION

1. Manuscript under revision at *The Serials Librarian*.
2. Manuscript under review/revision at *Continuity & Resilience Review*.

TECHNICAL SKILLS

Programming: Python, Streamlit

Artificial Intelligence & NLP: BERT, IndicBERT v2, MizBERT, Semantic Search, Information Retrieval Systems

Research Analytics: Bibliometrics, Scientometrics, Citation Analysis, Topic Modeling

Research Tools: SPSS, MS Excel, Zotero, VOSviewer, R, Vosviewer

INTELLECTUAL PROPERTY

- Copyright Filed Diary number: **LD-25312/2026-CO** *[Indigenous semantic retrieval gap: a methodology for multilingual semantic retrieval in low resource multilingual library environments.]*

ACADEMIC ACHIEVEMENTS

- UGC-NET JRF (99.908 Percentile)
- IFLA WLIC Paper Acceptance
- Published in Annals of Library and Information Studies
- Multiple International Conference Publications
- Research specialization in Semantic Retrieval and Indigenous Knowledge Organization
